Chandra Pratap Singh

Full-Stack Developer | MERN | Next.js | Node.js

+91 9569225371 | sumitsnghtmr@gmail.com | GitHub | LinkedIn | Portfolio

PROFESSIONAL SUMMARY

Motivated Full-Stack Developer with hands-on experience building scalable web applications using MERN and Next.js. Currently the sole web developer at a real-estate advisory firm, owning production websites end-to-end from development through SEO. Proven ability to deliver production-level frontend interfaces, RESTful APIs, and authentication systems. Passionate about clean code, performance optimization, and intuitive user experiences.

TECHNICAL SKILLS

Frontend: JavaScript, TypeScript, React, Next.js, TailwindCSS

Backend: Node.js, Express.js, REST APIs, JWT Authentication

Databases: MongoDB, PostgreSQL, Prisma, Mongoose

Tools & Concepts: Git, Cloudinary, Middleware, Auth & Authorization, Framer Motion, SEO

Deployment: Vercel, Render, Cloudflare, Railway

EXPERIENCE

Web Developer

Nexx Asset (Real Estate), Gurugram, India | Jul 2026 – Present (Full-time · On-site)

- Sole developer at Nexx Asset, a Gurugram-based real-estate advisory firm, owning the company's entire web presence end-to-end.
- Built and shipped the corporate brand website (nexxasset.com) using Next.js 14 (App Router) + TypeScript, Tailwind CSS, Framer Motion, and lucide-react.
- Built and shipped New Launch Projects in Gurgaon (newlaunchprojectsingurgaon.com), a property-discovery portal, using Next.js 16, React 19, TypeScript, Tailwind CSS v4, and pnpm.
- Collaborating with the SEO team on technical and on-page SEO to improve search-engine rankings across company websites.
- Planning and developing additional micro-sites to expand the company's digital footprint.

Frontend Developer Intern

Hexadecimal Software Pvt. Ltd., Noida, India | Nov 2025 – Apr 2026 (6 months · Internship)

- Developed and maintained the Admin Panel for HexaHome, a real-estate platform, using React and Next.js.
- Built dynamic, data-driven UI components for property listings, user management, and analytics dashboards.
- Collaborated with backend engineers to integrate REST APIs and ensure seamless data flow across the platform.
- Implemented responsive layouts and accessibility best practices, improving cross-device compatibility.
- Participated in code reviews and adopted agile workflows, contributing to faster sprint delivery cycles.

PROJECTS

Nexx Asset — Brand Website & Project-Discovery Portal | *nexxasset.com, newlaunchprojectsingurgaon.com* | *Next.js 14/16, React 19, TypeScript, Tailwind CSS, Framer Motion, pnpm*

- Sole developer for both live production sites of a Gurugram-based real-estate advisory firm: the corporate brand website (nexxasset.com) and the property-discovery portal (newlaunchprojectsingurgaon.com).
- Built the brand site with Next.js 14 (App Router), TypeScript, Tailwind CSS, Framer Motion, and lucide-react; built the discovery portal with Next.js 16, React 19, TypeScript, Tailwind CSS v4, and pnpm.
- Designed responsive, animated, SEO-friendly UI across both sites to support marketing and organic-search goals.
- Collaborating with the SEO team on technical and on-page optimization to improve search rankings for both platforms.

HexaHome – Real Estate Platform Admin Panel | *React, Next.js, TailwindCSS, REST APIs*

- Work on Admin Panel for a real-estate platform, enabling property listing management, user administration, and lead tracking.
- Designed reusable React component library with TailwindCSS, reducing UI development time by ~30%.
- Integrated REST APIs for real-time data fetching with optimistic UI updates and error-boundary handling.
- Ensured mobile-first responsive design across all admin views.

AI-Powered Code Editor | *Next.js, TypeScript, Prisma, NextAuth*

- Built an AI-powered browser-based code editor with real-time code execution using WebContainers.
- Integrated Monaco Editor for multi-file editing with syntax highlighting and an IDE-like experience.
- Implemented AI-assisted features such as code completion, debugging, and explanations via Groq API.
- Designed a dynamic multi-framework template system (React, Next.js, Express, etc.) with runtime loading.
- Deployed full-stack application on Vercel with Prisma and NextAuth integration.

EDUCATION

Bachelor of Computer Applications (BCA)

BBD University, Lucknow | 2023 – 2026

CERTIFICATIONS & TRAINING

Web Development Course — Udemy (Hitesh Choudhary) | *May 2025 – Mar 2026*

- Completed 100+ hours covering JavaScript, React, Next.js, TailwindCSS, Node.js, Express, MongoDB, and PostgreSQL.
- Built responsive, full-stack projects and gained practical debugging and deployment experience.

Web Development Program — Promosys Technology Pvt. Ltd., Lucknow | *Dec 2025 – Apr 2026*

- Developed and contributed to real-world full-stack applications using MERN and Next.js.
- Improved debugging and problem-solving skills through hands-on project work in a production environment.
- Applied responsive design principles and modern development practices to production-level code.
